Both plans include checkout, products, inventory, receipts, reports, cloud access, updates, and local support.

STARTER

PHP 399 / month

Essential retail POS

For a straightforward store team that needs fast daily operations.

- ✓ 1 store administrator
- ✓ Up to 2 cashier accounts
- ✓ Fast checkout and printable receipts
- ✓ Products, barcodes, and inventory
- ✓ Low-stock alerts and adjustments
- ✓ Standard sales reports
- ✓ Product and report CSV exports
- ✓ Offline-sales recovery template and import
- ✓ Responsive phone, tablet, and desktop UI

PRO • RECOMMENDED

PHP 799 / store / month

Multi-store command center

For owners who need one secure view across growing Pro branches.

- ✓ Shared administrator login across Pro stores
- ✓ Owner super dashboard with portfolio sales and alerts
- ✓ One-click Dashboard, Sell, and Reports per store
- ✓ Up to 3 administrators and 10 staff per store
- ✓ Cashier, inventory controller, and manager roles
- ✓ Custom reports and scheduled summaries
- ✓ Stocktakes, transfers, and movement history
- ✓ Customers, loyalty, suppliers, and purchasing
- ✓ Cash register reconciliation, approvals, and audit

Multi-store access requires every store assigned to the shared administrator login to remain on Pro. Plans and subscription dates are currently managed by the platform administrator. Current in-app pricing and terms take precedence.
